

What Are Amino Acids?

Amino acids are the building blocks of the human body. There are 22 of them and they are what all the various proteins, collagen, bones and hormones in your body are made of. If you don't have enough, in the right quantity, your body cannot keep up with its daily needs and starts to fall behind, causing all sorts of physical conditions, illnesses, and slow recoveries and unhealing injuries.

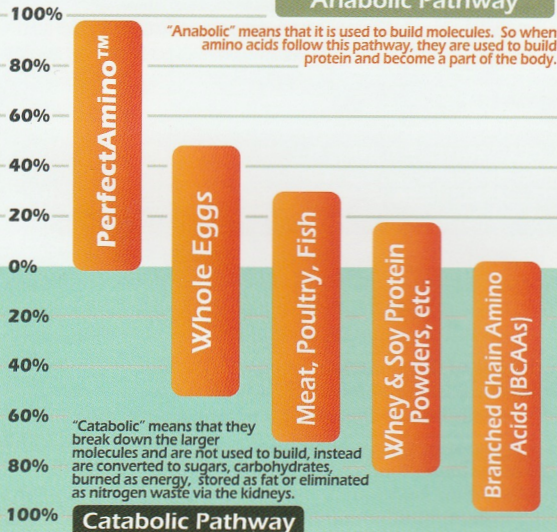

Among the amino acids there are two types: Essential and non-essential. They are called essential because the body cannot make them on its own, however with all of them present, and in the right ratios, the essential amino acids can create any of the non-essential amino acids and so create any protein or collagen needed by the body. But they must all be present and in the right combination in order for this to occur. And that is what PerfectAmino is. Nothing less and nothing more. And that's why it gives such great results.

"When you eat protein, your body breaks it down into its most basic form, which are amino acids. It then re-constitutes them to build or repair the muscle, bone, tissue or other protein. So your protein is literally only as good as it can be utilized by the body to make body protein." - Dr. David Minkoff, M.D.

Wholefood & Supplement Protein Utilization VS. PerfectAmino

Anabolic Pathway

PERFECTAMINO®

Composed of pure essential amino acids in the exact combination necessary to build new protein and collagen for muscle, bones, tissue, organs, hormones and much more, PerfectAmino is quite literally the perfect protein. Nothing else even comes close.

Most people know protein is essential for optimum health, but assume they consume enough through food. So why do we need an amino acid supplement? Because it's not about how much protein you're consuming, but how much your body is able to use. Eggs, meat, fish and nuts and even whey and collagen powders are less than 50% utilized as actual protein with whey at only 17% utilized. They're mainly converted to sugar, fat, or waste.

This leads to protein deficiencies with the effects including:

Inability to lose weight, sagging skin, loss of muscle mass, brittle bones, slow recoveries from illness and injury, hormone imbalances, and much more. Protein deficiency is very often something you are aware of, but you just can't identify and neither do some doctors.

What's the solution? PerfectAmino: A protein supplement that is 99% utilized to build new protein and collagen for your body, without the calories or excess waste. Try it once and you'll never go back.

What's the Difference Between Protein Sources?

- At the low end of the spectrum are whey and soy proteins - only 17% of their content is utilized by the body for protein, with 83% leaving as waste.
- Food such as meat, fish and poultry fare a bit better with 32% being absorbed and 68% being wasted.
- Eggs are the winners in the food stakes with 48% being utilized and 52% waste.
- Now compare those numbers to PerfectAmino - a massive 99% is put to work by the body, with less than 1% leaving the body. Not only that, but PerfectAmino is absorbed by the body within 23 minutes! And there are only 0.4 calories per tablet.

BODYHEALTH
 OPTIMIZING HEALTH & VITALITY

Nothing else is utilized as well to make body protein

How to Take PerfectAmino

Male

Up to 140 lbs. 6-7 tablets
140-170 lbs. 8-10 tablets
Over 170 lbs. 10 tablets

= Serving Sizes =

Female

Up to 110 lbs. 5-6 tablets
110-130 lbs. 6-8 tablets
Over 130 lbs. 8-10 tablets

Available in:
Tablets or Powder
(powder drink mix)

1 scoop = 5 tablets

1 tablet = 1 gram of bioavailable protein

How Much PerfectAmino to Take Every Day

Children

Up to 1 gram for every 5 lbs. of body weight.

Athletes

Days with moderate exercise double your daily intake. Days with heavy exercise or competition you can triple your daily intake.

Health Issues

For moderate health situations double your daily intake. For severe situations and if you are recovering from surgery you can triple your daily intake.

Protein Equivalence

5 tablets of PerfectAmino is equivalent to taking:

29g*

WHEY / SOY / DAIRY / NUTS

15g*

MEAT / POULTRY / FISH

10g*

EGGS

PerfectAmino vs. Dietary Proteins & Protein Supplements

Who Needs PerfectAmino?

Everyone. For overall health & nutrition, everyone should take 1 serving, once or twice every day.

Recreational athletes. When taken 30 minutes before training, PerfectAmino is present in your bloodstream and able to repair the micro-tears in your muscle as they occur, helping you recover faster and perform better.

Advanced athletes. With increased or sustained workouts or competitive events, PerfectAmino should be taken before and during for reduced muscle fatigue and increased recovery.

Children. Growing bodies need the essential amino acids, but usually don't get enough protein. PerfectAmino helps, allowing for optimum growth, strong bones, and immune health.

Most **menopausal women** are protein deficient and many symptoms of fatigue, altered mood, poor sleep, dull hair, fragile fingernails, and bone loss may be a result of protein deficiency.

Many **vegetarians and vegans** are very protein deficient because their diet lacks optimal amounts of essential amino acids. PerfectAmino is vegan sourced and provides all the protein needed for optimal health.

Weight loss. PerfectAmino gives you protein without the calories, and promotes muscle growth, thereby increasing metabolism and weight loss. These amino acids can also have the effect of curbing one's appetite.

Low hormone levels can occur when protein deficiency inhibits the creation of hormones, such as growth hormone, thyroid, insulin, testosterone, and others.

Seniors are less able to digest and absorb protein, leading to weak muscle, easier falls, soft bones and low neurotransmitter levels that can cause depression, poor memory and poor sleep.

Detoxification. The detoxification pathways in your body determine the overall health of your bodily systems. And these are dependent on essential amino acids.

Pregnant or nursing mothers are often found to be deficient in protein, having much higher protein needs than normal and are sometimes robbed of her proteins to feed or grow the child. Supplementing with PerfectAmino increases the health and vitality of mother and child.

Osteoporosis or bone loss. Bones are made of a protein structure (collagen). Without protein, the mineral is lost and bone density decreases.

Most people with **Liver or Kidney Disease** are on protein restricted diets because they can't eliminate the nitrogen waste from proteins. PerfectAmino has less than 1% nitrogen waste.

Many People with **severe or chronic illness** are protein deficient. This seriously hinders their ability to heal, leading to longer recoveries and, sometimes, illnesses which never fully go away.

Frequently Asked Questions

Q: What is the difference between the tablets and powder?

A: Both the tablet form of PerfectAmino and the powder form contain the exact same amount and combination of Essential Amino Acids per serving and give the same results. The powder is absorbed slightly faster and has a few added inactive ingredients to help it mix in water.

Q: It has been said that during an athletic performance the use of PerfectAmino may optimize muscle mass, strength and endurance, and may minimize the muscle recovery period after physical activity, is that true for everybody?

A: Yes, whether you are 15 or 75 years old, an amateur or professional athlete, you may experience positive results related to muscle mass, strength and endurance. The results and necessary dosage may vary, of course, according to your age, gender, health status, and the intensity and frequency of your workout.

Q: Is PerfectAmino a natural product? Is it Vegan?

A: Yes, PerfectAmino is a 100% natural product made from only vegan sources.

Q: How long does it take for PerfectAmino to start working?

A: PerfectAmino is completely absorbed into the bloodstream within 23 minutes, able to repair or synthesize new proteins and collagen.

Q: Does PerfectAmino have any drug or food interaction?

A: No. There are no known drug or food interactions. However, before taking PerfectAmino or other dietary supplements consult your physician.

Q: Can protein supplements be taken at the same time as PerfectAmino?

A: Because PerfectAmino is the perfect protein source, taking other protein supplements should not be needed.

Q: How long does it take to feel or measure positive results with PerfectAmino?

A: Although results vary, some feel an increase in energy, strength, and endurance after the first few times using PerfectAmino (in the suggested dosage) and increased muscle strength as soon as the first or second week however some take longer than that. Many also say the experience improved recovery, shortened periods of fatigue and soreness fairly quickly. Healing of injuries may take longer depending on the severity of the injury and how much re-building and repairing of protein is necessary.

Q: What is the difference between EAAs and BCAAs

A: There are 8 essential amino acids (EAAs) the human body needs to make a complete body protein. Branched chain amino acids (BCAAs) only contain 3.

The Search for the Perfect Protein

Get your copy on Amazon today!

The key to solving weight loss, depression, fatigue, insomnia, and Osteoporosis. Available on Amazon now!

Top Quality! - Katy C.

★★★★★
"A trusted friend recommended PerfectAmino as he had been taking it for a few years and noticed many benefits. My husband and I both take it and have seen results, he does heavy work outdoors, and I am doing physical therapy with greater results. Thanks for a great product!"

Wonderful Product! - Susan M.

★★★★★
"As a recent cancer survivor I really appreciate being able to increase my amino acid intake in such a tasty and potent way. I take 10 grams a day and I can see and feel the difference in my physical strength and energy level. Also my body just feels more nourished and my food cravings have decreased tremendously."

Best of the Best - Valorie S.

★★★★★
"Extremely pleased with PerfectAmino. I can already tell a difference in building lean muscle. I tried the berry flavor, and will order the lemon-lime next just to see. But I love the berry flavor!"

Back to Hard Workouts Faster - Katy C.

★★★★★
"PerfectAmino has changed my recovery from hard workouts and races, in that I am able to get right back to it days faster than before using it! The amino acids really are SO bioavailable, you can feel the difference!"

Prolonged Energy During Training - Andrew M.

★★★★★
"Taking the PerfectAmino 30 min before my workouts has been awesome and I can feel the difference. I have searched for years to find a complete Amino supplement that actually helps my sustain my strength and stamina during intense training. This is one that I will keep in my bag for a long time!"

Great Product! - Brad B.

★★★★★
"This product is truly amazing! As a vegan/vegetarian I was noticing that I was more sore than normal after workouts and found out this was due to the lack of protein I was getting. This supplement has helped me with this and with energy without having to add animal products that I do not want to eat in my diet. I will continue to use this product!"

Perfect Reds™

Organic Phytonutrient Drink

A certified USDA organic, phytonutrient and superfood drink that supports nitric oxide production and overall health. Enjoy the delicious wild berry flavor any time you need a boost to energy levels, mental clarity, healthy digestion and brain health.

30 Scoops | 30 Servings

Delicious nitric oxide boosting drink with now added sugar

Perfect Reds Provides:

A delicious, mixed berry flavored, 100% vegan, certified USDA organic and gluten-free phytonutrient and superfood drink with fruits, vegetables, and digestive enzymes.

It's great for all diet types and can help boost energy levels, mental clarity and brain health.

In just 60 seconds, you can prepare a delicious, perfect red drink to help you power through the day.

Perfect Reds Helps To Naturally:

- Boost Energy
- Improve Mental Clarity
- Support Healthy Digestion
- Support Heart and Brain Health
- Support Healthy Skin and Hair
- Deliver More Oxygen & Nutrition to The Body

Power Through Your Workout

To get the most from your workout and reach a higher level of athletic performance, you need to increase blood flow. The secret to blood flow is nitric oxide production - which leads to more blood in your muscles - and thus better performance.

Your blood is the carrier of nutrients, oxygen and more to the muscles and tissues. By increasing blood flow, you can increase performance and delivery of what the cells need to push harder and to recover faster.

To increase blood flow, you must increase nitric oxide. Nitric oxide production in the body is crucial to overall health and one of the best ways to increase this production in the body is

through vegetables high in nitrates - like beetroot. Beetroot can help vasodilation or the relaxation of the inner muscles of blood vessels, allowing blood to travel with less resistance. More blood flow means more oxygen and less lactic acid. This helps you create more power, endurance and supports faster recovery.

DIRECTIONS: Mix 1 scoop directly into 6 to 8 oz of water or your favorite beverage. Blend, shake or briskly stir until fully dissolved.

PerfectAmino Electrolytes™

Complete Electrolyte Powder

A perfectly balanced, easy to use and absolutely delicious electrolyte drink formula fortified with PerfectAmino to help rebuild muscle and improve endurance. PerfectAmino Electrolytes are available in Orange Slice and Watermelon Zen flavors. It's time to rehydrate!

50 Scoops | 50 Servings

Available in delicious Watermelon Zen and Orange Slice Flavors

PerfectAmino Electrolytes Provides:

Everything lost when your body sweats - including protein!

Getting the absolute most from every workout means optimizing. It's what BodyHealth products do. A key factor in any workout is hydration and maintaining adequate amounts of minerals, salt potassium in your body before, during and after a workout. So why should your electrolyte be any different?

Hydration is more than just water and electrolytes - it should be a complete solution and include what you need to recover - so you can not only perform at your peak levels, but get recharged in time for the next workout. This performance cycle is so important that those that can make it a habit of supplementing at the right times with the right supplement can get the edge on those who do not. And that edge can make the difference in your splits, your times or your speed.

We've developed PerfectAmino Electrolyte to optimize your hydration. It's more than just another electrolyte - it's a complete electrolyte with PerfectAmino - giving your body the hydration and perfect protein building boost it needs to stay in the workout, race and competition longer, and recover faster.

What's in PerfectAmino Electrolyte

- **300mg of Sodium** - One of the most important electrolytes, mostly related to fluid and water regulation.
- **250mg of Potassium** - Responsible for the functioning of excitable tissues such as skeletal and cardiac muscle and nerves.
- **50mg of Magnesium** - Involved in over 600 cellular reactions from making DNA to helping your muscles contract.

- **80mg of Trace Minerals** - Used by the body for various functions, including keeping your bones, muscles, heart and brain working properly.
- **2mg of Zinc** - Helps make proteins and DNA, bolstering the immune system and helping to heal wounds.
- **2000mg of PerfectAmino** - Containing all 8 essential amino acids, PerfectAmino is optimized to make body protein, build muscles, repair injuries, speed recovery and more.

Elderberry + Vitamin C Immune Support Drops

Hippocrates referred to elderberry as “nature’s medicine chest” and Vitamin C is an essential nutrient necessary for the growth, development and repair of all body tissues. It’s involved in many body functions, including the immune system. The synergistic combination of both of these powerful antioxidants gives your immune system a natural boost that’s important year round.

2 fl oz | 30 Servings

Organic Liquid Sambucus

Elderberry + Vitamin C Provides:

Nature’s Top Immune-Boosters: Elderberry & Vitamin C

Staying healthy in today’s toxic world can be a challenge – and we are here to help. Your immune system is continuously under attack from toxins, chemicals in your food, air and water, and the stress of living in a modern world. Catching a cold, getting the flu, bronchitis, and thousands of other illnesses are rampant.

So, what can you do about it?

You can give your immune system the ultimate boost from clinically proven ingredients with BodyHealth’s Elderberry + Vitamin C Immune Support Drops. Elderberry, also known as “nature’s medicine chest,” is a potent antiviral that can reduce the length and severity of the flu by several days – and it starts working immediately! The unique phytonutrients found in these berries directly target viruses in your system, rendering them less able to multiply, and easier for your body to kill – and you need this defense now, more than ever.

The Perfect Immune Support Tincture

Elderberry + Vitamin C Immune Support Drops can be used either proactively (as a daily supplement to avoid illness) or reactively (to reduce the symptoms and longevity of illness).

It has ZERO sugar, is keto-friendly, soy-free, dairy-free, egg-free, gluten-free, and is produced in accordance with GMP regulations.

Complete Multi™ + Daily Liver Support

The ideal daily multivitamin, multimineral, and antioxidant blend with organic fruits, vegetables wholefood concentrates, herbs and amino acids added to support healthy detoxification. Sourced from only the best whole-food ingredients, using the active forms of vitamins, and optimized for bioavailability and maximum effect.

120 Tablets | 30 Servings

Whole Food Nutrition

Complete Multi + Daily Liver Support Provides:

An ideal daily supplement for health-minded, active people who desire to give their body extra nutrition to combat stress, poor food quality, improve removal of environmental toxins, and keep their body running smoothly.

For detoxification and cleansing, BodyHealth Complete Multi + Daily Liver Support provides the most comprehensive source of nutrients. It contains an entire panel of 54 ingredients to aid and support detoxification, including over 1,000 mg of organic, whole fruit and vegetable concentrates.

Organic Anti-Inflammatory and Antioxidant Blend Benefits:

- A base of 16 whole food, organic fruit and vegetable concentrates.
- Multiple vitamins and minerals to boost the immune system.
- Complete liver detox support.
- The best antioxidant profile.
- Experience the benefits that balanced nutritional vitamins have for your health, energy and well-being.

The All-In-One Nutritional Supplement

Just two tablets of BodyHealth Complete Multi + Daily Liver Support twice a day will provide you with a full serving of multivitamins, multiminerals and an antioxidant blend of 16 organic fruit and vegetable whole food concentrates with specific herbs and amino acids to support healthy detoxification.

Gluten free, vegan sourced, non GMO. Contains no yeast, dairy, egg, soy, wheat, artificial preservatives or color. Cruelty free.

Personally Formulated by Dr. David Minkoff

Years ago, Dr. Minkoff got fed up with having to recommend over a dozen different products to his patients just to get their daily nutrition for their health goals – especially for detox protocols. It created so much confusion. He knew there had to be a better way.

So he set out to create the best possible multivitamin he could conceive. Sourced from the best ingredients, using the active forms of vitamins, and optimized for bioavailability and maximum effect.

Just look at some of our ingredients.

Make it a habit.
